# STATE SERVICE DEFINER (HOW TO DEFINE)

The screenshot shows the ServicePlus web application interface. At the top left is the Government of India emblem and the text 'HOME SELECT STATE'. A yellow 'LOGIN' button is highlighted with a red arrow pointing to it. The main header features the 'ServicePlus' logo and the tagline 'Metadata-based Integrated eService Delivery Framework'. On the right side, there is a vertical sidebar with icons for a desktop, a question mark, and an Android device. The main content area displays 'National Count' and 'Previous Day Activity' statistics. A red arrow points from the 'Services Launched' card to a callout box on the right.

**ServicePlus**  
Metadata-based Integrated eService Delivery Framework

**An Easy and Intuitive Application**

Developed as part of *Panchayat Enterprise Suite (PES)* under epanchayat Mission Mode Project (MMP).

*ServicePlus* is a unified platform based on multi-tenant architecture for delivering electronic-services to citizens, an application which is quick to learn and easy to use with minimal effort or very less skill set.

- ✓ Build Software through Dictate, Design & Deploy
- ✓ Intuitive, Intelligent & Interoperable
- ✓ Automated Data Migration
- ✓ Integrated Dynamic Report Generation
- ✓ Strong Data Analytics

# STATE SERVICE DEFINER (HOW TO DEFINE)

The screenshot shows the ServicePlus web application interface. At the top, there is a header with the Government of India emblem, a 'HOME' link, a 'SELECT STATE' dropdown, and a 'LOGIN' button. The main content area features a large heading 'An Easy and Intuitive Application' and a description of the platform as part of the Panchayat Enterprise Suite (PES) Mission Mode Project (MMP). Below this, there are several bullet points highlighting features like 'Build Software through Dictate, Design & Deploy', 'Intuitive, Intelligent & Interoperable', 'Automated Data Migration', 'Integrated Dynamic Report Generation', and 'Strong Data Analytics'. At the bottom, there are buttons for 'TRACK APPLICATION' and 'KNOW YOUR ELIGIBILITY'. A 'Login' modal is overlaid on the page, containing fields for 'User ID' (with the value 'jw62ka' entered), 'Password' (masked with dots), and a 'CAPTCHA' field (with the value 'jw62ka' entered). A green 'LOG IN' button is at the bottom of the modal, and a link for 'Forgot Password?' is below it. The background of the modal shows a dashboard with various statistics and charts.

FREQUENTLY ASKED QUESTION

## DEFINITION

- Select Definition and define the service

## Service Name

- Name of the Service

## Service Name Abbreviation

- This Service Name abbreviation would be the part of certificate no. generation.
- E.g. AF-MP/2020/001

## Standard Service Group Name

- Group of which Service belong.

## Do applicant's need to register to avail the service?

- If citizen applying then Yes otherwise No.

## Service Category

- Government to Customer

## Type Of Beneficiary

- Individual Group community family

## Type of Service

- Regulatory

# STATE SERVICE DEFINER (COVERAGE)

The screenshot displays the ServicePlus web application interface. The top header includes the ServicePlus logo, the text 'Metadata-based Integrated eService Delivery Framework', and the Government of India emblem. The user is logged in as 'Commissioner of Police'. The left sidebar contains a 'Menu' with options like 'Manage Service', 'Manage Profile', 'Manage Master Data', etc. The main content area shows a 'Coverage' tab selected, with a breadcrumb 'Application For Mike Permission / Coverage Details'. Below this, a section titled 'Selected List(s) of Service Unit(s)' shows a list of police sub-divisions under the 'Line Department- Both' category.

# STATE SERVICE DEFINER (MVEL)

The screenshot displays the State Service Definer (MVEL) interface. On the left is a blue sidebar with navigation options: Manage Service, View Services, Create New Service, Manage Profile, Manage Master Data, Manage Announcement, DSC Management, External Data Sets, Reports, Manage Service link, Transfer Applications, Data Sharing, and Import External Data. The main content area has a top navigation bar with tabs: Definition, Coverage, Definer's address, Beneficiary profile, Submission, Charge, Form Designer, Deliverable, Document Designer, Process flow, Notification Designer, Additional Configuration(s), Javascript Function, and MVEL Function (highlighted in yellow). Below these tabs are buttons for Third Party URL Mapping, Primary Attribute Permission, Filter For Inbox/Sent Items, and Application Tracking Configuration. A breadcrumb trail reads: Application For Mike Permission / MVEL Function / Manage MVEL Function. The main section is titled 'MVEL Mapping View' and contains a table with 10 entries. The table has columns: S.NO, Function Name, Function Description, and View. One entry is visible: S.NO 1, Function Name RemovePoliceStationTask, Function Description RemovePoliceStationTask, and a View icon. Below the table, it says 'Showing 1 to 1 of 1 entries' and includes pagination controls: First, Previous, 1, Next, Last.
